is funding**

Developing Diversity Awards Projects in Religious Education and Collective Worship for SACREs and Schools

SACREs are encouraged to bid for funds to run a 2-year project involving schools, teachers and the local community to promote diversity in RE and Collective Worship.

Projects should inspire young people to connect with diversity in their local area, and should produce compelling learning experiences in RE or collective worship.

**Have you got a great project in mind?
What could you do with £12,000?**

Applications from all SACREs are welcome.

Successful applicants will be asked to complete their projects within the two year period, giving an update as part of the NASACRE conference webinar programme. Support from a member of the NASACRE/Westhill awards panel will be offered to successful applicants and any resulting materials shared on NASACRE and Westhill websites.

Application forms and further details can be downloaded from
[Westhill NASACRE Awards - NASACRE](#)

Completed applications to be sent to:
westhill@nasacre.org.uk and Diane@westhillendowment.org

Successful awards will be announced at the NASACRE conference in May 2025

Applications must be received by 28 February 2025 for projects to begin in September 2025
